

# 2023 ANNUAL SURVEY

UCD sent out a 2023 Annual Survey in late January of 2024 to our partners to gather data on the work that was completed last year to help reduce diabetes in the Rio Grande Valley. The survey results from 7 of our partners were the following:

## 2023 PARTNERS

(who submitted a survey and reported that they participated in a DPP in 2023)

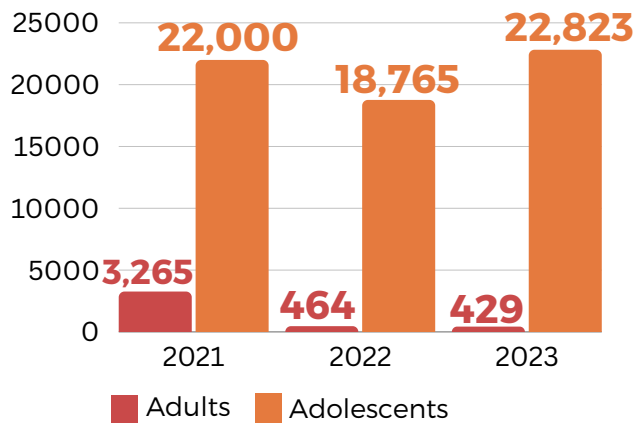

- Nuestra Clinica Del Valle
- Prevent Blindness
- Proyecto Juan Diego
- South Texas Juvenile Diabetes Association
- Su Clinica
- Texas A&M AgriLife Extension Service
- UTHHealth Houston School of Public Health
- Brownsville Community Health Center (not currently a partner)

## 2023 DPP CURRICULUM(S) USED

- DPP Prevent T2
- Group Lifestyle Balance
- Cooking Well with Diabetes

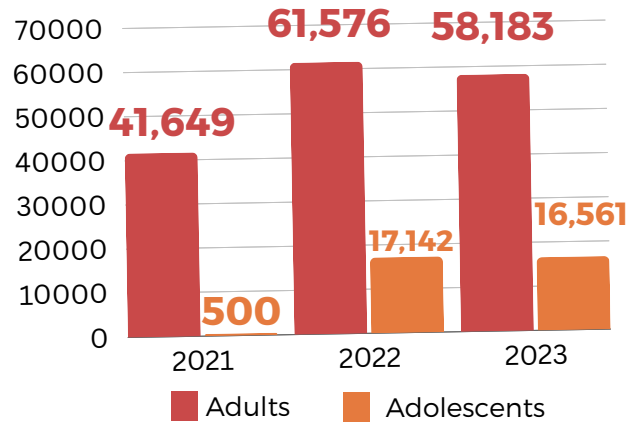

Other diabetes prevention methods named include Stomp Out Diabetes (SOD) and Diabetes and the Eyes Educational Program.

## TOTAL DPP PARTICIPANTS 2021 - 2023

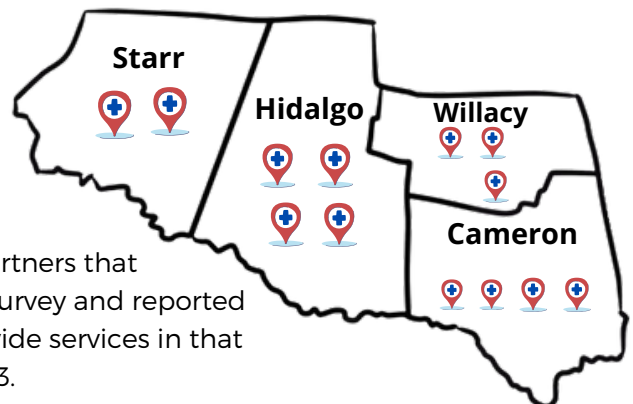

There was a total of 429 adults and 22,823 adolescents enrolled in a diabetes prevention program in 2023.

## TOTAL PEOPLE SCREENED 2021 - 2023

There was a total of 58,183 adults and 16,561 adolescents screened in 2023.

## COUNTIES SERVED

Number of partners that submitted a survey and reported that they provide services in that county in 2023.
